## TECHNICAL SPECIFICATION TIME & DATER MACHINE

Time and Dater Machine, fully automatic, heavy duty type, modern design digital LED display of hours & minutes, automatic & manual printing of year month, date, AM or PM hour, (1-12) and minutes (00-59), it can accommodate paper as light as onion skin up to magazine 1/4" thickness, impact resistant case with tamperproof lock to operate on 220VAC, 60Hz power supply include Upper Die Plate.

### FEATURES

- Print is automatic when document is inserted for one-handed operation. An optional push button is available when manual alignment is required.
- A silk ribbon automatically shifts and reverses to produce ongoing clean, sharp print.
- Impact resistance case with tamper-proof lock. Optional "electric lockout" security switch available allowing access to authorized personnel only.
- Optional easy-to-read digital display available on any LT which prints time. Comes in standard (1- 12) hour displays with AM/PM and minutes or continental (0-23) hours with minutes.
- Adjustable trigger assembly positioning allows 2" forward or backward print registration area adjustment.
- Optional fixed or adjustable paper guides provide a fixed edge for quick and accurate left to right document positioning.
- Variable stamping impact allows you to print on 1-5 part multiple copy forms (depending on-form quality).
- Metal type wheels provide crisp registrations. All other internal parts are constructed of steel to provide years of trouble free service.
