III. Inspection and Testing

The authorized DBP representative shall inspect and test at the winning bidder's warehouse/premises upon the availability of the units.

IV. Delivery

The winning bidder is required to provide a delivery schedule of the deployment one (1) week after the inspection and testing activities. DBP will likewise provide the list of authorized representative/s who will acknowledge the receipt of the units for reference.

All units must be delivered to the designated DBP sites as attached in Annex A within ninety (90) calendar days after the receipt of Notice to Proceed (NTP).

Corresponding penalties shall be imposed for late delivery at least equal to one-tenth of one percent (0.001) of the cost of the unperformed portion for every day of delay per required period and quantity delivered.

Each unit must be inclusive of the following:

- Power cables
- USB cable
- Additional One (1) black ribbon cartridge

V. Training

The winning bidder must provide at least one (1) day training for the basic operations and troubleshooting for at least six (6) DBP engineers at the DBP Head Office to be conducted after the complete delivery of the units.

VI. Warranty Period

The one (1) year warranty period will commence upon issuance of Certificate of Acceptance.

VII. After Sales

Within the warranty period, the bidder is required to provide the following technical support:

1. Response time is within four (4) hours and resolution time is within 24 hours.
2. Beyond 24 hours, the bidder must provide a service unit once pulled out and to return the unit within one (1) to two (2) weeks.
3. Units for repair must be pulled-out from the DBP Office where it was originally reported and will not require the Bank to deliver the unit to the Bidder's Service Center. However, for units that were validated unserviceable and with persistent hardware problems that occur three (3) times, the winning bidder is required to replace the unit with a brand new (same model) or a higher specification.
